🎓 EDUCATION

Aspire, FSC

03/2019 – 06/2020
rawalpindi, pakistan

PMAS_ARID, BSCS(AI)

Aug, 2022 – Jun, 2026
Rawalpindi, Pakistan
Bachelor of Science in Computer Science (Artificial Intelligence) [PMAS_ARID] — [Rawalpindi], Pakistan [2022] – [2026] | CGPA: 3.43

Relevant Coursework: Machine Learning, Deep Learning, Computer Vision, NLP, Data Structures & Algorithms, OOP, DBMS, and Web Development.

Projects: Developed an AI-powered Visual Symptoms Checker using CNN (23+ conditions) with Python, Flask, and TensorFlow. Also built responsive frontend web applications with a focus on UI/UX and cross-browser compatibility.

Technical Skills: Proficient in Python (Pandas, NumPy, Matplotlib), JavaScript, HTML, and CSS; experienced with Flask, Bootstrap, TensorFlow, and Keras; skilled in tools like VS Code, SQLite, Power BI, and Git/GitHub; with strong knowledge of Machine Learning and CNNs.

🧠 SKILLS

C++

HTML5 & CSS3

Java Script

Basics Of Python

Python libraries (Numpy, pandas, Flask)

MS Office

Ai Automation (n8n)

SQLite

Data Analyst(Power Bi)

.NET

👤 PROFILE

Motivated and detail-oriented BSCS (Artificial Intelligence) graduate with hands-on experience in frontend development and administrative operations. Completed a 3-month internship as a Frontend Developer, where I developed responsive web interfaces and improved user experience. Worked on a Final Year Project where I applied Machine Learning techniques to design and develop a complete project. Additionally, worked as a Computer Operator at Union Council, handling data management and official documentation with accuracy.

Alongside technical and administrative experience, I have also worked as an Instructor, delivering lectures and guiding students, which strengthened my communication and teaching skills. Passionate about technology, problem-solving, and continuous learning, with a keen interest in AI and modern web development.

💼 PROFESSIONAL EXPERIENCE

Team lead, Call center (One Year)

Rawalpindi, Pakistan

- Led and managed a call center team to meet performance targets, improved staff skills through training programs, analyzed call data to optimize performance, and ensured effective communication between management and team members to resolve issues efficiently.

Computer Science Teacher, Millennium Computer Science Academy(Three Years)

Rawalpindi, Pakistan

- Delivered engaging math lessons, applied innovative teaching strategies to improve learning outcomes, monitored student progress with regular feedback, collaborated with educators to support a positive learning environment, and used technology to enhance student engagement.

Internship, SolTech Software Company(Three Months)

Rawalpindi, Pakistan

- Completed a 3-month frontend development internship, contributed to building responsive web pages using HTML, CSS, and JavaScript, collaborated on improving UI/UX, fixed bugs, optimized performance, and gained practical experience with modern frontend tools and practices.

Computer Operator, UC97(Six Months)

Rawalpindi, Pakistan

- Worked as a Computer Operator at a Union Council, handling data entry, maintaining official records, managing documentation, supporting administrative tasks, and ensuring data accuracy and confidentiality.
